GTSpec WRX STI Subframe Replacement Brace

Model : GTS GTS-SUS-1092

Manufacturer : GT Spec

This brace will save you 12.5 lbs on the front end and increase the rigidity of the chassis. It is a 3 piece set that is made up of 14 points. Gt Spec are use triple internal wall (quad-tube) design for all the new production braces. This is a upgrade from the old production which is only double internal wall. Currently cusco and greddy are only using double internal wall.
