ARC RX-7 Induction Box

Model : ARC AIDBFD3

Manufacturer : ARC

ARC has developed it's own unique version of Induction and Intake Chamber. The Intake Chamber helps raise the torque at low and mid range engine speeds and is also effective in improving accelerating speed. The Induction box reduces intake resistance and increasing the amount of air taken in makes higher pressure possible. In addition, by trapping the air, it retains the appropriate amount of air inside and is effective in improving accelerating response.
