

> Invidia 05+ Legacy GT V3 Divorced Wastegate Downpipe Catless

## Invidia 05+ Legacy GT V3 Divorced Wastegate Downpipe Catless

Model : INV HS05SL1DPN

Manufacturer : Invidia

This is Invidia's Newest Downpipe, with a Divorced Wastegate that will separate the exhaust gas exiting the downpipe, creating a smoother exhaust flow, thus resulting in more HP and Torque. Invidia's all new downpipe is a great way to start adding Horse Power and Torque gains. This system was tested in turbo magazine. When combined with the cat-back section, HP gains were seen up to 60+ at the wheels with engine management. The downpipe is constructed of 304 stainless steel with a large bell mouth, which will ensure longevity while enhancing power by freeing wastegate gases. 3" mandrel bent and bolts up to any catback or stock unit. New Gaskets recommended for purchase with this downpipe. This Downpipe is for use with 05+ Legacy GT's equipped with a manual transmission only.

**Price : ~~\$399.00~~**

**Sale price : \$271.32**
