Titek 350z / G35(Coupe) Test Pipes

Model : NIS-30001

Manufacturer : Titek

TiTek Innovations 03+ 350Z and G35 Coupe test pipes are 2.25" in diameter (while most competitors use 2" diameter) that are tig welded SUS304 stainless steel pieces. Titek test pipes are easy bolt on pieces not just for greater exhaust notes, but for easy horsepower gains on naturally aspirated, supercharged, and turbocharged applications. Each set of pipes will include brackets and an O2 bung with a boss included to aid for A/F tuning purposes. 350Z test pipes will have brackets for less movement throughout the exhaust system and can easily gain 6-8+ naturally aspirated horsepower when used with our cat back exhaust system. Includes all necessary hardware (gaskets, nuts, bolts). Developed For Offroad Use Only.
