

> AeroCatch Hood Latch Plus

AeroCatch Hood Latch Plus

Model : ACH 120-2

Manufacturer : Aerocatch

AeroCatch Hood latch is a great option that allows you to get away from the standard hood pins that stick out of your hood and take away from some of the looks.

These are composite material latches that can be used on Hood, Trunk and other body panels that might need to be quickly removed.

The kit contains 2 AeroCatches and stud strikes, all installation fasteners, rubber bump stops and bonnet cut-out template.

Available in Locking and Non-Locking Key designs.

The pin can be inserted in the back, or the sides.

This models is designed to sit on top of the body piece.

Price : \$86.00
