Invidia 2008+ WRX/STi Catted Down Pipe

Model : INV HS08SW1DPC

Manufacturer : Invidia

This is Invidia's Newest Downpipe, with a Divorced Wastegate that will separate the exhaust gas exiting the downpipe, creating a smoother exhaust flow, thus resulting in more HP and Torque.

Invidia's all new downpipe is a great way to start adding Horse Power and Torque gains. This system was tested in turbo magazine. When combined with the cat-back section, HP gains were seen up to 60+ at the wheels with engine management.

The downpipe is constructed of 304 stainless steel with a large bell mouth, which will ensure longevity while enhancing power by freeing wastegate gases. 3" mandrel bent and bolts up to any catback or stock unit.

New Gaskets recommended for purchase with this downpipe.

MANUAL TRANSMISSION ONLY FOR WRX!

Price : ~~\$699.00~~

Sale price : \$475.32
