Brian Crower EJ205 2.29L Stroker Kit (600HP)

Model : BC BC0609

Manufacturer : Brian Crower

The BC stroker kit for the Subaru EJ20 engine incorporates a proven 79mm stroke, steel billet crankshaft, not a factory STI or EJ25 crank. Depending on bore size that you decide, the BC kit will take you up to a 2.29L with a safe 96mm bore. As usual, each BC kit features custom CP forged aluminum pistons, premium alloy wrist pins, full ring pack and buttons. Big time power and torque gains.

This kit is rated at 600HP, if you plan on running more power then that. The connecting rods will need to be upgraded.

BC 4340 billet steel crankshaft (79mm stroke). Not an OEM EJ25 crank.

BC 4340 Rods

CP aluminum forged pistons

5100 Series carbon steel alloy wrist pins.

Ductile iron plasma top rings, tapered second ring, low tension oil rings

Custom Compression Ratio, and Bore Size are available.

Upgraded 9310 Wrist Pins are a available upgrade.

Standard Kit Specs:96mm bore, 79MM Crank.(4MM larger bore, 4MM Stroke increase over stock)

Please Call in to place order, if custom Bore and Compression Ratio is wanted.

Price : \$2,950.00
