Cusco 2008 WRX/STi Rear Trailing Rod

Model : CUS 692 474 T

Manufacturer : Cusco

Great Way to get rid of unwanted pitch in the OEM rear Suspension. During hard driving the rear suspension has a tendency to shift forward which makes the rear end feel unstable.

These Cusco Rear adjustable arms help get rid of unwanted suspension movement, and add extra adjustability to the rear suspension. Allowing you to add or take away caster, and get rid of unwanted slop.

Features a fully adjustable turnbuckle, with pillow ball bushings.
