

## Brembo EVO X 6 Piston 380mm Front Grand Turismo Brake Kit

Model : BREMBO 1MX.9024A

Manufacturer : Brembo

The next performance level, Gran Turismo, is comprised 2-piece vented rotors that are 14.9 inch cross-drilled and/or slotted. In the 2-piece system, billet aluminum hats are application specific and have been individually machined to engineering specifications.

The marriage of these pieces create a "floating disc" which reduces heat related stress and improves brake performance and pedal feel. The Gran Turismo system may be available with your choice of black,yellow, red or silver calipers.

Please Choose Color, and Slotted or Cross Drilled Rotor.

WILL NOT FIT UNDER OEM RIMS!

6 Piston Caliper, 380mmX32mm 2 piece Rotors

**Price : \$4,250.00**
